Engaging the Community and Strengthening Partnerships:

- CSC hosted the Diversity Center of Northeast Ohio’s LeadDiversity program on Wednesday, January 17th. LeadDiversity is a 10-month program that approaches diversity and leadership issues from a no-fault interactive foundation with the goal of affecting positive social change. A select group of up to 35 professionals are chosen through a competitive application process. The class meets approximately once per month from September to June to visit locations and organizations around Northeast Ohio to engage with regional leaders in the corporate, non-profit, and civic arenas. Each session is designed to help participants explore the concept of diversity leadership and to analyze its personal, workplace and community impact. Wednesday’s session at CSC included topics on disability awareness, blindness basics and employment and featured presentations by Lisa Cellura, Rosalie Daley and Jessica Polack as well as a welcome and introduction by Larry Benders and Ali Thomas (2017 LeadDiversity graduate). Special thanks to the following for coordinating this highly impactful day for regional leaders: Lisa Cellura, Bobbie Christopher, Steve Frohwerk (2010 LeadDiversity graduate), Marcia Houston, Alicia Howerton, Scott Malone, Tina Pringpuangkeo, Tamika Smith, Fidel Swain and Ali Thomas.
