

## Frequently Asked Questions about Highbrook Lodge

- **What is Highbrook Lodge?**

Highbrook Lodge is a residential summer camp in Chardon, Ohio that serves people of all ages who experience vision loss or blindness. Founded in 1928 by the Cleveland Sight Center, Highbrook Lodge has provided a positive summer camp setting for thousands of children, families, and adults for over 90 summers.

- **What kind of programs does Highbrook Lodge offer?**

Over the summer (June-August) we offer programs specifically designed for families with young children, young people, and adults. All of our sessions vary in length – we host day programs, weekend and week-long sessions, and one 12-day session. We also offer occasional day and weekend sessions during our off-season (October-May).

- **Why is camping important for people who experience vision loss or blindness?**

There are countless benefits to those who attend our camp. Our campers have opportunities for adventure, skill building, risk taking, and personal development. They have a chance to grow within a community where one can socialize, feel safe and comfortable, and one where they can connect with others who experience vision loss and blindness. At camp they also experience the beauty of nature, while unplugging and recharging away from outside pressures. All of our campers also have the space to play, laugh, and create.

- **What kinds of activities happen at your camp?**

Highbrook Lodge offers many traditional camp activities that are adapted to meet individual needs and interests. Activities include: nature walks, canoeing, swimming, archery, music, dance, drama, arts and crafts, field games and sports, field trips, bowling, fishing, camp-outs, story telling, water balloon fights, group games, special guests, and so much more.

- **What does a typical day at camp look like?**

- **What are the facilities on the property like?**

Our beautiful 63-acre wooded facility is located on the outskirts of Chardon, Ohio. Our property features a variety of activity spaces and lodging accommodations to meet the unique needs of our campers and staff. Some of our buildings have been around since we first opened in 1928, while our newest cabin, Tall Timber, opened in 2007. All meals and meetings take place in our Smith Lodge building, which also houses our kitchen, camp office, nurse's station, and fireplace room. Further, we have several buildings where group activities take place, such as Sears Hall and the Wolf Arts and Nature Center. We also have a heated-pool, an outdoor bowling alley, sports fields, camp grounds, hiking trails, and a non-denominational chapel.

- **What are the sleeping arrangements like?**

Campers are housed in gender-specific cabins with peers of similar age and ability. All of our sleeping cabins have single, un-bunked twin beds where our campers sleep. Some of our cabins have private and semi-private rooms, while other cabins have 6-8 beds in a large, shared space. Each camper is given their own wardrobe or dresser to house their personal items. We also provide each of our campers with sheets, a pillow, and a blanket. Every cabin has electricity, indoor attached restrooms, and showers— most of which are wheelchair accessible. Up to four counselors stay in the cabins with our campers in shared staff rooms that are attached.

- **What should I bring to camp?**

- **Is there transportation available to camp?**

Transportation to Highbrook Lodge is typically only available for adult sessions for a low fee. We can provide either door-to-door transportation to/from your home address (for individuals living in Cuyahoga County) or to/from Cleveland Sight Center.

We normally do not provide transportation for our youth and family sessions, as we like to meet our camper's family during drop off and pick up. However, we do not want transportation concerns to be a barrier for camp attendance. If you are apprehensive about how you, your child, or family will get to/from camp – please let us know and we will work with you to determine if there are transportation options available.

Additionally, if you do not live locally, we are happy to discuss airport pick ups and drop offs to/from Cleveland Hopkins International Airport or other transportation hubs.
