

The Cleveland Sight Center greeting card and holiday card tradition dates back in excess of 50 years!

Every year, local artists allow their work to be transformed into greeting cards which Cleveland Sight Center makes available to purchase for only one dollar per card. It has become an annual fundraising campaign to help provide services for people in our community who are blind or visually impaired.

This year we are proud to announce three artists who are visually impaired have been selected for this year's holiday cards: Regina E. Dorfmeier, Mike Sager and CSC's very own Bright Futures Preschool class. In addition, we are also featuring a wonderful piece by sighted photographer Stuart Pearl. A biography of each artist is on the back of the card.

**Cards will ship first week of November 2018.**

*Custom imprinting available on orders over \$250.00 and orders must be received by November 26th.* Please email [shop@clevelandsightcenter.org](mailto:shop@clevelandsightcenter.org) to place a custom imprinted order.
